

Michigan Mobility 2045

Tell us what you think!

The Michigan Department of Transportation (MDOT) is developing the State Long-Range Transportation Plan (SLRTP). We are seeking opinions from a diverse group of Michigan residents to help set the direction for the future of transportation in Michigan. We need your help to establish transportation strategies that make Michigan an attractive place to live and work.

Your opinion matters! This state long-range transportation plan, also known as Michigan Mobility 2045, or MM 2045 for short, has laid out a new vision, goals and objectives for all modes of transportation in Michigan. Your participation in this survey will help establish the priorities for transportation in Michigan for 25 years. Because transportation is the foundation of the state's economic vitality and quality of life, we need to understand the needs and concerns of all Michiganders.

Public involvement in the transportation planning process is more than just an agency requirement for MDOT. It begins during the state long-range transportation planning process and continues through development, programming and construction.

Why? Because public involvement is integral to the success of the MDOT mission: Providing the highest quality integrated transportation services for economic benefit and improved quality of life.

Your responses can be emailed to Kyle Haller at HallerK@michigan.gov or Monica Monsma at monsmam@michigan.gov or taken via phone by calling 517-335-4381.

Special Accommodations

Accommodations can be made for persons with disabilities and limited English-speaking ability. Large print materials, auxiliary aids or the services of interpreters, signers, or readers are available upon request. To make a request, contact Monica Monsma by phone at 517-335-4381 or by e-mail at monsmam@michigan.gov at least seven days before the meeting.

Please consider these transportation strategies related to safety and security and rate them with one to five stars.

1 star = least preferred
5 stars = most preferred

Highways Safety

Strategies related to the safety of drivers and other highway users

Toward Zero Deaths (TZD)

Expand TZD campaign to influence driver behavior and improve safety.

 Comment

High-Risk Behaviors

Promote actions to address distracted and impaired driving.

 Comment

At-Risk Users

Promote actions to assist and protect pedestrians, bicyclists, seniors, youth, and motorcyclists.

 Comment

Public Transit

Keeping the public transit system and its users safe

Safe Facilities/Vehicles

Ensure public transit facilities and equipment are in a state of good repair and condition.

 Comment

Safe Operations

Ensure safety for passengers and operators during transit trips.

 Comment

Security

Ensuring the security of transportation infrastructure and related systems

Infrastructure Security

Monitor and protect physical assets.

Cybersecurity

Monitor and protect digital assets.

Please consider these transportation strategies related to safety and security and rate them with one to five stars.

1 star = least preferred

5 stars = most preferred

Condition

Improving and maintaining the condition of the transportation system

Asset Management

Employ cost-effective operation, maintenance, and improvement of existing assets.

System Management

Plan for and adapt to anticipated future transportation needs.

Resiliency/Risk Mgmt.

Employ proactive planning to reduce impacts on transportation from unplanned events (weather, flooding, etc).

Mobility

Ensuring that all Michiganders can get where they need to go in a timely and convenient way

Accessibility

Provide equitable access to the transportation system and services and reduce gaps in access to mobility.

Comment

Connectivity

Improve connections between transportation modes for both people and freight.

Comment

Complete Streets

Accommodate the needs of users of all ages, abilities and modes of transportation.

Comment

Innovation

Prepare for transformative change in mobility options to include autonomous cars, aircraft and transit vehicles.

Comment

Traffic

Improving infrastructure and employing technologies to keep traffic and transportation systems moving

Congestion/Reliability

Improve travel conditions to manage congestion and improve reliability for all travel modes.

Comment

Operations

Prioritize safety and operational improvements over new construction.
five stars.

Comment

ty and security and rate them with one to

1 star = least preferred

5 stars = most preferred

Quality of Life

Maintaining and improving the livability of our communities

Healthy Communities

Support and implement approaches to reduce impacts on environmental quality and natural, cultural and historic resources.

Comment

Social Equity

Minimize disproportionate impact of transportation projects and activities on communities and disadvantaged populations.

Comment

Resiliency/Risk Mgmt.

Provide support and plan for events that disrupt the health and safety of communities.

Comment

Economy

Transportation investments that create jobs and promote a better economy

Freight Network

Improve Michigan's freight transportation network.

Comment

New Technology

Continue to support and grow economic activity in the emerging transportation technology sector.

Comment

Resiliency/Risk Mgmt.

Implement a proactive approach to safeguarding at-risk infrastructure from disruptive events to protect the supply chain.

Comment

Home Delivery

Ensure delivery of goods to our neighborhoods is dependable, safe and secure.

Comment

Partnership

Working with private and public sector partners at all levels to improve transportation in Michigan

Engagement

Strengthen user and community engagement for better decision-making in planning and design processes.

Comment

Coordination

Improve coordination with transportation agencies and private partners.

Comment

Decision-Making

Apply performance-based, data-driven approaches to coordinated decision-making.

Comment

New Technology

Work with private and public partners to plan for the impacts of new transportation technology.

What is your ZIP code?

How do you identify?

- a) Male
- b) Female
- c) Other

What is your age group?

- a) 16 or younger
- b) 17 to 24
- c) 25 to 34
- d) 35 to 44
- e) 45 to 54
- f) 55 to 64
- g) 65 or older

What is your yearly household income?

- a) Less than \$25,000
- b) \$25,000 to \$49,999
- c) \$50,000 to \$74,999
- d) \$75,000 to \$99,999
- e) \$100,000 or more

How many people live in your household?

- a) 1
- b) 2
- c) 3
- d) 4
- e) 5
- f) 6 or more

How would you describe your race?

- a) White/Caucasian
- b) Black/African American
- c) Hispanic/Latino
- d) Native American
- e) Asian/Pacific Islander
- f) Other

Your responses can be emailed to Kyle Haller at HallerK@michigan.gov or Monica Monsma at monsmam@michigan.gov or taken via phone by calling 517-335-4381.
